

WEDGEWOOD

GARDENS

Wedgewood Gardens doesn't just feel like home - it *is* home!

At Wedgewood Gardens Assisted Living and Memory Care, you don't just receive the best quality of care - you experience the very best quality of life! Our facility is one-story with 23 private suites nestled on five acres at the edge of Branson West. Our community provides an abundance of opportunities to build genuine connections, explore new places, and spend time doing what you enjoy the most. Our intimate home-like environment allows us to personally know our residents and their families.

"It is such a hard decision when and where to place your aging loved ones, but looking back over the last 2 ½ years, I am confident that Wedgewood was the right and perfect place for them."

- Shelley

"Wedgewood Gardens is a place that helps people thrive. They treat the residents with dignity and respect, which is so very much appreciated."

- Family Member

"You all made a hard decision for us a bit easier with your sense of family, and the effort you all made to help the residents keep their dignity."

- Les and Angie

There are So Many Reasons to Choose Wedgewood Gardens for Your Next Step

Since 1996, Wedgewood Gardens has been dedicated to enriching the lives of our residents through assisted living services and memory care. Our smaller, home-like community fosters close relationships between caregivers and residents, ensuring personalized care and attention to each individual's needs.

A Long-Standing Reputation in the Community

- We have been established in our local community since 1996.
- We have long-lasting, positive relationships with the community and healthcare providers.

Small and Intimate Home Environment

- We offer a smaller, more home-like environment versus a large facility.
- Wedgewood feels like home, making it easier to transition from your home to ours.
- Our smaller environment allows our administrator and staff to truly know and care for our residents.
- Our administrator has an open door policy and is never too busy to attend to individual needs.

Quality of Life

- We don't have an Activity Coordinator; we have a Quality of Life Coordinator - we get to know our community's interests and passions and tailor our lifestyle to them.
- We focus on quality of activities over quantity.

Quality of Care

- We have higher staff to resident ratios than industry standard.
- Doctors offices and emergency care are located within two blocks of our home.
- We have an on-site nurse with extensive experience in the Geriatric field.
- Our team members stay with us over six years on average, creating continuity for our community members.

Frequently Asked Questions

What if my loved one doesn't like the food that is served?

We provide and follow any doctor's orders concerning our residents' diet, and our menus are created by a licensed dietician. However, if our residents do not like the food that is served, we will change it to their liking. In fact, upon admission, we take the time to learn each resident's food preferences and communicate that to our staff through our medical records.

How large are your facilities?

Wedgewood Gardens has space for 46 residents. We recognize that moving from one's home to an assisted living facility can create some hesitation, so we have created a welcoming space that is smaller and more intimate than other retirement homes.

Is there enough staff to care for my loved one?

Because our home is small in size, we have more staff per resident than the typical industry standard. We have our administrator and a nurse on call 24/7, and adjust our staffing needs with our resident's needs.

What is included in your respite and day-stay program?

We have no minimum time requirement - our services include a full activity program, meals, medication management, and supervision.

Do you transport to doctor appointments?

We encourage family members to be a part of our residents' doctor appointments. However, we will assist you in finding the most appropriate way to get your loved one to their appointment.

Do you provide outpatient therapy?

We frequently contract with home health and hospice agencies to provide ongoing outpatient therapy in our homes.

Can we stop by or call anytime?

We have an open door policy and you can visit or contact your loved one at any time.

Day or Overnight Stays

Assisted Living

Discover unparalleled value at Wedgewood Gardens Assisted Living. Experience a comprehensive array of services included in our affordable rates, offering more than double the benefits of nursing home care or full-time in-home assistance, for less than half the cost.

Our amenities include:

- Medication management
- Three meals plus snacks, including ADA diets
- Personal laundry services
- Housekeeping
- All utilities, including cable
- Concierge services, including transportation to activities
- Medication administration
- Active recreational opportunities
- Outdoor trips to shows and shopping centers

Memory Care

At Wedgewood Gardens, we offer more than just a home for aging seniors. Our facility provides 24-hour care for individuals with Alzheimer's and related dementias in a secure, homelike environment. With safety and well-being as our top priorities, we strive to minimize confusion and create a comfortable atmosphere for each resident.

Our tailored programs and activities are designed to stimulate cognitive function and slow cognitive decline. We work closely with families to develop personalized care plans and provide education on interacting with memory-impaired loved ones with dignity and respect.

Experience the Wedgewood Difference:

- Specialized Dementia & Alzheimer's Care: Our dedicated staff offers individualized care plans and ongoing support to meet the unique needs of each resident.
- Comfortable Amenities: From private and semi-private rooms to spacious family areas and a covered patio, we provide the comforts of home in a secure environment.
- Comprehensive Care Services: From medication management to assistance with daily tasks and ongoing health monitoring, we ensure that each resident receives the personalized care they deserve.

Day Stay and Respite

We know the job of caring for a loved one can be taxing and extremely challenging. Sometimes a caregiver just needs some time away. Allow our Day Stays and respite program to assist you.

- 24/7 supervision
- Companionship and friendly associations
- Home-cooked meals
- Fun and engaging activities
- Medication management
- Assistance with all activities of daily living

Living at Wedgewood Gardens is Affordable

Our price is an all-inclusive rate to assist families with their monthly budget. There are no hidden fees or extra charges for levels of care. We also accept Medicaid.

What is included in our introductory price?

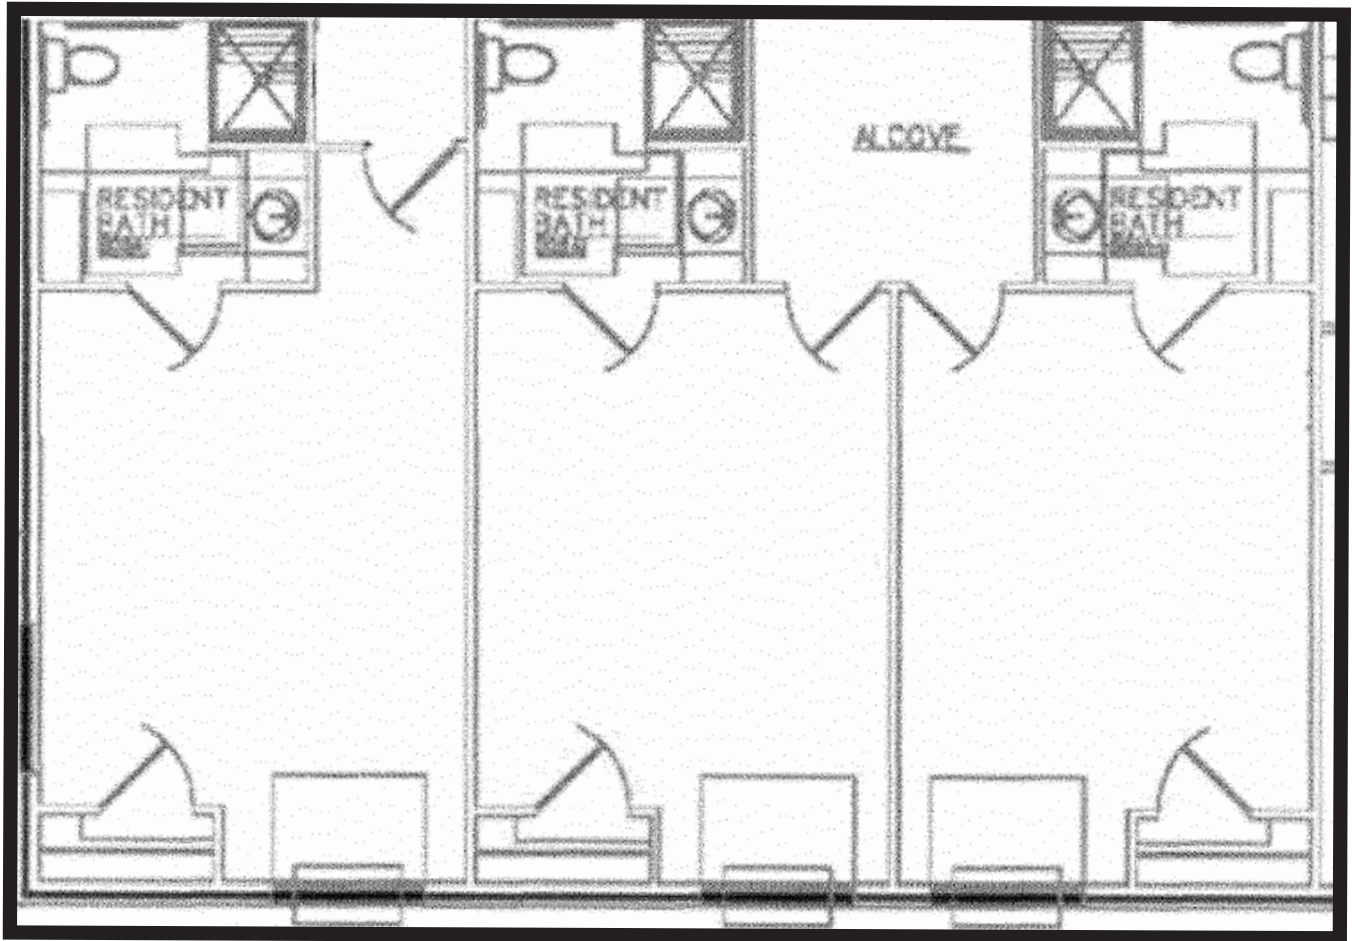

- Beautiful, spacious apartment
- Use of all common areas and amenities
- Wireless high speed internet
- All utilities are included
- Cable
- Three delicious meals plus snacks
- Medication management
- Housekeeping
- Social Activities
- Laundry
- All activities of daily living
